
RESIDENTIAL and SINGLE PHASE

Availability

Available to individual residential and farm member-consumers for all domestic and farm use, except irrigation. This includes service to apartment units. Service is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Monthly Rate

Cost of Basic Service @ \$14.50 per month

Energy Charge
June–September @ \$0.1313/kWh
October–May @ \$0.1213/kWh

Energy usage (kWh sales) is subject to the Power Cost Adjustment Rider.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See the General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See the General Rules and Conditions of Service (Late Payment Charge).

4. Connexus Energy shall be notified in writing and required information furnished before electric home heating equipment is installed.

5. Unmetered service will be offered at the discretion of the cooperative for communication and control equipment which has a constant and predictable usage. Examples are cable TV boosters, fiber optic amplifiers, and automated meter reading communication equipment. The monthly fixed charge for this service will be \$2.00 per device plus an energy charge based on the residential rate described in this tariff. The kWh energy usage for each device will be based on an estimated usage provided by the member and agreed to by Connexus Energy. Connexus Energy reserves the right to periodically audit the usage of actual installations and/or place boosters on a metered rate.

CONTROLLED OFF-PEAK ENERGY STORAGE

Availability

Available to all members for separately, metered-controlled home heating. Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Service will generally be available for approximately 8 hours per day, normally 11:00 p.m. to 7:00 a.m. or as established by Connexus Energy.

Monthly Rate

Energy Charge @ \$0.0490/kWh

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the surcharge rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. Usage under this rate shall be metered separately.

5. If a member wants to combine controlled water storage with interruptible dual-fuel on the same meter, member will be billed at the higher interruptible rate.

6. The member shall enter into a member agreement with Connexus Energy.

ELECTRIC VEHICLE OFF-PEAK

Availability

Available to all members with separately metered outlet(s) for electric vehicles. Participation requires proof of ownership and battery size for each electric vehicle. Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Service will generally be available for approximately 8 hours per day, normally 11:00 p.m. to 7:00 a.m. or as established by Connexus Energy.

Monthly Rate

Energy Charge @ \$0.0490/kWh

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the surcharge rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. Usage under this rate shall be metered separately.

5. If a member wants to combine their electric vehicle with interruptible dual-fuel on the same meter, they will be billed at the higher interruptible rate.

6. The member shall enter into a member agreement with Connexus Energy.

**INTERRUPTIBLE SPACE HEATING
CYCLED AIR CONDITIONING**

Availability

Available to all members for all separately metered air conditioning and home heating or unmetered air conditioning.

Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Service will be available at all times, except when interrupted by Connexus Energy during times of peak system demand. The total number of hours that the member will be interrupted will be limited to 400 hours per year for controlled space heating and 200 hours per year for cycled central air conditioning.

Monthly Rate

Metered. (Requires a \$50-member contribution, member installation, and either the combination of air conditioning and space heating or just space heating. Metered air conditioning without space heating closed March 1, 2016):

Energy Charge

June–September	@ \$0.0945/kWh (air conditioning)
October–May	@ \$0.0651/kWh (heating)

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Unmetered (Connexus Energy handles installation at no cost, provided the air conditioning system meets the National Electrical Safety Code and all other Connexus Energy requirements):

Energy Credit

June–September	@ \$10.00/month rebate - CLOSED
October–May	No rebate

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the surcharge rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading-Residential)

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. The member shall enter into a member agreement with Connexus Energy.

RESIDENTIAL GROUND-SOURCE HEAT PUMP (Closed 4/1/01)

Availability

Available only to existing members presently served by separately metered ground source heat pumps that were served under this tariff prior to April 1, 2001.

Member must agree to use Connexus Energy's service for all home heating and cooling under the terms and conditions of a member agreement. Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Monthly Rate

Energy Charge @ \$0.0882/kWh

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the surcharge rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See General Conditions of Service (Late Payment Charge).

4. Usage under this rate shall be metered separately.

5. The member shall enter into a member agreement with Connexus Energy.

RESIDENTIAL TIME-OF-DAY

Availability

Option 1: Available as a whole-house rate to individual residential and farm member-consumers for all domestic and farm use except irrigation. This includes service to apartment units. This is not available as a whole-house rate to members with a metered load management program.

Option 2: Available as a separately metered rate for electric vehicles.

Service is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Monthly Rate

Whole-House Rate

Cost of Basic Service	@ \$14.50 per month
Energy Charge	
Peak Period (12%)*	@ \$0.210/kWh
Intermediate Period (38%)*	@ \$0.126/kWh
Off-Peak Period (50%)*	@ \$0.068/kWh

*Percent of hours during year

Separately Metered Rate for Electric Vehicles

Energy Charge	
Peak Period (12%)*	@ \$0.210/kWh
Intermediate Period (38%)*	@ \$0.126/kWh
Off-Peak Period (50%)*	@ \$0.068/kWh

*Percent of hours during year

Energy usage (kWh sales) is subject to the Power Cost Adjustment Rider.

Definition of Periods

The peak period is defined as those hours between 4:00 p.m. and 8:00 p.m., Monday through Friday, except the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas Day. The intermediate period is defined as those hours between 8:00 a.m. and 4:00 p.m., Monday through Friday, and 8:00 a.m. to 8:00 p.m., Saturday and Sunday and holidays. The off-peak period is defined as all other hours.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. Connexus Energy shall be notified in writing and required information furnished before electric home heating equipment is installed.

5. Member selecting the above time-of-day rate schedule will remain on this rate for a period of not less than 12 months, except as provided under the Optional Trial Service. While served under this schedule, the residential and single rate is not available.

Optional Trial Service

Members may elect time-of-day service for a trial period of 12 months. If the member chooses to return to non-time-of-day service at the end of the 12-month trial period, Connexus Energy will refund the difference between the time-of-day and the non-time-of-day rate less \$20 for removal of time-of-day metering equipment.

OFF-PEAK WATER HEATING

Availability

Available to residential members for controlled electric water heating.

Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single phase, 60 hertz, at available secondary voltage.

The water heater is typically recharged from 11:00 p.m. to 7:00 a.m., or as established by Connexus Energy.

Monthly Rate

Whole-House Rate

Cost of Basic Service @ \$14.50 per month

Energy Charge @ \$0.108/kWh for entire household usage

Energy usage (kWh sales) is subject to the Power Cost Adjustment Rider.

With separate water heater meter

Energy Charge \$0.0490/kWh

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Meter Aid-to-Construction Fee \$50.00

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See the General Rules and Conditions of Service (Meter Reading-Residential).

3. **Monthly Bill**

See the General Rules and Conditions of Service (Late Payment Charge).

4. A separate water heater meter will be required unless off-peak service is taken in the whole-house rate. Since the water heater usage under the whole-house rate is not metered, the following availability restrictions apply:

- An off-peak electric water heater is installed and used for year-round water heating
- Limited to typical urban or suburban residential members.
- Not available for seasonal, commercial, or farm usage.
- Not available for a member whose general service usage prior to the installation of a water heater is over 15,000 kWh annually.

Connexus Energy reserves the right to remove the member from the whole-house rate if these conditions are not met.

5. Whole-house rate program participants remain eligible for Connexus Energy's unmetered interruptible air conditioning program.
6. The member shall enter into a member agreement with Connexus Energy.

INTERRUPTIBLE WATER HEATING

Availability

Available to residential members for controlled electric water heating.

Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Service will be available at all times except when interrupted by Connexus Energy during times of peak system demand. The duration of the interruption is up to 8 hours per day and will typically occur during late afternoon and early evening.

Monthly Rate

With separate water heater meter

Energy Charge

@ \$0.0588/kWh

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Meter Aid-to-Construction Fee \$50.00

Unmetered water heater Energy Credit

\$7.50/month credit

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See the General Rules and Conditions of Service (Meter Reading-Residential).

3. **Monthly Bill**

See the General Rules and Conditions of Service (Late Payment Charge).

4. Program participants remain eligible for Connexus Energy's unmetered interruptible air conditioning program.

5. The member shall enter into a member agreement with Connexus Energy.

AIR SOURCE HEAT PUMP

Availability

Available to all residential members for all separately metered, controlled home heating and central air conditioning. Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz at available secondary voltage.

Service will be available at all times except when interrupted by Connexus Energy during times of peak system demand. The total number of hours that the member will be interrupted will be limited to 200 hours per year for controlled central air conditioning. During cold weather, an outdoor thermostat will limit the operation to temperatures over a threshold temperature (approximately 15°F to 20°F).

Monthly Rate

Metered

Energy Charge	
June – September	@ \$0.0945/kWh (air conditioning)
October – May	@ \$0.0651/kWh (heating)

Energy usage (kWh sales) is exempt from the Power Cost Adjustment Rider.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the surcharge rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading-Residential)

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. The member shall enter into a member agreement with Connexus Energy.

APARTMENT MASTER METER

Availability

Available to apartment buildings for all domestic use except irrigation and swimming pools. Service is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase or three-phase, 60 hertz, at available secondary voltage.

Monthly Rate

Cost of Basic Service @ \$8.20 per month per apartment unit

Energy Charge

June–September @ \$ 0.1313/kWh

October–May @ \$ 0.1213/kWh

Energy usage (kWh sales) is subject to the Power Cost Adjustment Rider.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See the General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See the General Rules and Conditions of Service (Late Payment Charge).

4. Connexus Energy shall be notified in writing and required information furnished before electric home heating equipment is installed.

ELECTRIC VEHICLE SUBSCRIPTION

Availability

Available to all members with separately metered outlet(s) for electric vehicles. Participation requires proof of ownership and battery size for each electric vehicle. Service under this schedule is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Monthly Rate

Tier 1 Cost of Basic Service @ \$30.00 per month per electric vehicle for up to 600 kWh during the off-peak period per month

Tier 2 Cost of Basic Service @ \$50.00 per month per electric vehicle for up to 1,200 kWh during the off-peak period per month

Energy Charge

Off-Peak Period (9:00 p.m.–9:00 a.m.) @ \$0.0000/kWh (Free)
Peak Period (9:00 a.m.–9:00 p.m.) @ \$0.2100/kWh

Energy usage (kWh sales) is subject to the Power Cost Adjustment Rider

Definition of Periods

The peak period is defined as those hours between 9:00 a.m. and 9:00 p.m. central prevailing time (CPT) year-round. The off-peak period is defined as those hours between 9:00 p.m. and 9:00 a.m. CPT year-round.

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading – Residential)

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. **Tier 1 Designation**

If the recorded 6-month average off-peak usage exceeds 600 kWh, the member will be placed on the Tier 2 subscription rate in the next billing month. Once a member is on the Tier 2 subscription rate, their billing usage must be less than 600 kWh for 12 consecutive months before they have the option of switching back to Tier 1 subscription rate.

5. Tier 2 Designation

If the recorded usage exceeds 1,200 kWh of off-peak usage in 3 months out of a 12-month period, the member will be placed on the Time-of-Day Rate in the next billing month.

After 12 months on the Time-of-Day rate, the member may change to the subscription rate that fits their usage if it is within the program parameters. If the 6-month average off-peak usage exceeds 600 kWh, the member will be placed on the Tier 2 subscription rate in the next billing month. Once a member is on the Tier 2 subscription rate, their billing usage must be less than 600 kWh for 12 consecutive months before they have the option of switching back to tier 1 subscription rate.

LEVEL PAY PLAN – PILOT

Availability

Participation in this pilot program is limited to the first 500 individual residential member-consumers that enroll between August 1, 2021 and October 31, 2021. Pilot begins November 2021 billing and expires no later than December 1, 2025.

Members must have no less than 12 months of metered usage history and be in good standing with Connexus Energy. Must not be on an active pay arrangement or have a past-due amount. Members enrolled in a time-of-use or distributed generation program are not eligible.

Service is subject to the established rules and regulations of Connexus Energy.

Type of Service

Single-phase, 60 hertz, at available secondary voltage.

Monthly Rate

This is a level pay bill option. The monthly rate will be based upon a contracted amount and remain the same for a 12-month duration. The contracted amount will be based on the historic usage characteristics, applicable rates, and risk profiles. At the end of each 12-month contracted period, a new contracted amount will be offered and agreed upon.

Contracted amount is calculated as follows:

$$\text{Monthly Bill} = [(\text{Expected Monthly kWh}) (\text{Energy Charges}) (1 + \text{Risk Adder \%})] + \text{Basic Cost of Service}$$

Definitions

1. **Expected Monthly kWh**

Expected monthly kWh is based on the weather normalized average kWh usage for the past 12 months.

2. **Energy Charges**

June–September @ \$ 0.1289/kWh

October–May @ \$ 0.1189/kWh

In addition to the energy usage, level pay amounts shall include nonmetered security lights, all applicable state and local taxes, and any power cost adjustment.

3. **Risk Adder**

Usage deviation risk adder of 8% applied to the expected monthly kWh.

4. **Basic Cost of Service**

\$13.50/month

Conditions of Service

1. **Surcharge**

In certain communities, bills are subject to a surcharge as described in the Surcharge Rider.

2. **Meter Reading**

See General Rules and Conditions of Service (Meter Reading - Residential).

3. **Monthly Bill**

See General Rules and Conditions of Service (Late Payment Charge).

4. **Term of Agreement**

Service hereunder shall be for a period of one year. There is no true-up at the end of the contract period.

A member who is unable to complete the 12-month contract will be subject to a \$30 administrative fee, plus true-up settlement; however, members that move from the premise will not be charged an administrative fee.

If after 6-months the member's recorded kWh usage exceeds the expected usage by 50%, Connexus may return the member back to the Residential and Single-Phase Rate and apply the administrative fee.

5. **Renewal**

In the eleventh month of the program, members will be notified as to status of the program. If the program continues, members will be notified

on their new level pay amount bill and will have the option of declining enrollment for the upcoming year.
